

Robert Jones Beauty Academy Syllabus Master Class

SCHOOL: Robert Jones Beauty Academy

INSTRUCTOR: Robert Jones

COURSE TITLE: Master Class

COURSE DESCRIPTION:

The Master Class is the second course in a three-course curriculum. The broad purpose of the Master Class is for you (the student) to take the basic, foundational makeup application skills you learned in the Apprentice Level and use them to build upon and learn more advanced techniques.

COURSE OBJECTIVES:

This course gets past the basics and encompasses more advanced makeup application techniques. Prior completion of the Apprentice Level is necessary. Upon successful completion of this course you will gain the knowledge necessary to:

- Use advanced application techniques for sculpting and contouring any face shape, apply advanced blush, and take your brow application to an advanced level as well.
- Apply beautiful makeup for bronze/ebony skin tones.
- Identify the different eye shapes and know how to apply eye makeup for all of them.
- Identify different lip shapes and know how to make them appear fuller, know how to make uneven lips appear even, and how to create a nude, red, and burgundy lip.
- Create several different makeup looks, including a retro glam look, day to evening look, the perfect purple eye, and a classic and modern wearable smoky eye.
- Perform basic men's grooming for TV or camera.

CERTIFICATE OF COMPLETION:

In order to earn a Master Class Certificate of Completion from the Robert Jones Beauty Academy, you must watch all the Master Class course videos, take a computer-generated quiz for each video, and receive a 100% on each one. You must have also passed all the quizzes in the Apprentice Level.

After you have received 100% on each of the Apprentice Level and Master Class quizzes, you will need to submit before and after eye shape photos to Robert for his feedback as outlined on the [Certificate Requirements](#) page. Robert will decide if you pass or fail, but you will have more than one chance to submit photos!
