

## Robert Jones Beauty Academy Syllabus Working Like a Pro

**School:** Robert Jones Beauty Academy

**Instructor:** Robert Jones

**Course Title:** Master Class

### **Course Description:**

Working Like a Pro is the third course in a three-course curriculum. The broad purpose of Working Like a Pro is for the student to learn even more advanced makeup application techniques, as well as application for specific events, such as dance & performance, weddings, and other special, money-making opportunity events.

The Working Like a Pro course also gives invaluable information for working as a pro makeup artist, such as how to put a makeup kit together, how to work with models and agents, how to apply makeup for photography, and more.

### **Course Objectives:**

The course focuses on the working professional. At the end of the course, the student should be able to:

- Put together a sufficient makeup kit
- Know how to work with agents and models, how to prepare for a job, as well as proper protocol while on set
- Know how to put a portfolio together
- Know how to apply makeup for avenues of income (dance & performance makeup, pageant makeup, weddings, portraits, etc), photography, and special effects, such as how to cover a tattoo.

### **Certificate of Completion:**

In order to earn a Certificate of Completion for Working Like a Pro, the student must complete the following requirements:

1. Watch all the Apprentice Level, Master Class, and Working Like a Pro course videos and be able to successfully complete (passed result) a multiple choice computer-generated quiz at the end of each course video. All quizzes must be passed.
2. The student must pass the Master Class by submitting eye shape photos to Robert and receiving a “passed” result from Robert.
3. After the Apprentice Level and Master Class are passed, all the quizzes in the Working Like a Pro course must be passed. At that point there are two Master quizzes for the entire Robert Jones Beauty Academy. Both of these quizzes need to be passed before moving on.
4. Once all of the above requirements have been fulfilled, the student then needs to submit all of the photos listed in the [Pro: Submit Photos](#) page. You can also print out a pdf of photo submission requirements to keep on hand.

### **Suggested Course Supplies:**

At this point in the course you should have your makeup kit pretty well put together. Make sure you have all your supplies on hand as you watch each Working Like a Pro course video that requires makeup application. Pay particular attention to the “Building Your Makeup Kit” videos and work toward completing anything you do not have.
