

Robert Jones Beauty Academy Class Schedule Working Like a Pro

The Working Like a Pro section is still under construction...a Class Schedule will not be completed until the course is completely online.

However, here is a suggestion for getting started and staying on track:

Week 1:
Building Your Makeup Kit (both videos)

Week 2:
Working with an Agent and Preparing for a Job

Week 3:
Working with Models, Makeup for Photography, and Makeup on Set

Week 4:
On Stage (both videos)

Week 5:
All About False Lashes

Keep continuing on in this fashion as more course videos are added. You can see the Pro Course Syllabus for a list of the Pro videos that will be released.
